A naturalsupplement solution for plant growth development.

GUARANTEED ANALYSIS

Total Nitrogen [N]	12.00%
Ammoniacal Nitrogen	0.80%
Nitrate Nitrogen	1.12%
Urea Nitrogen	10.08%
Available Phosphate [P2O5	4.00%
Soluble Potash [K2O]	4.00%

Plant Nutrient Sources:
[Urea, Ammonium Phosphate and Ptassium Nitrate]

DIRECTIONS FOR USE

N-ZYME is formulated for use with your normal fertilizer program, built upon soil analysis.

N-ZVME can be applied both on surface, or 1 to 4 inches incorporation.

N-ZYME can be tank mixed or blended with most fertilizers and herbicides.

N-ZYME may be applied with water only as a carrier. [Irrigation systems included].

NTPro recommends application:

1. 1 pint to 1 quart per acre
2. Pre-plant
3. Pre-emergence
4. Foliar if applied in the early stages of plant growth
5. Spring thru Fall [growing season]

NOTICE

NTPro warrants that N-ZVME conforms to it's description but makes no claims or warranties, expressed or implied, concerning the use of this product. Buyer assumes all risk or use of this material when not used according to directions.
